

TRAVEL ACKNOWLEDGEMENT

The State Digital Learning Instructional Coordinator, Regional Digital Learning Instructional Coordinator, or Digital Learning Instructional Coach programs will require the applicant, if selected, to provide both virtual and in-person support to assigned schools or districts as described in the scope of work.

Due to current state and local COVID guidelines and related travel restrictions, the MDE expects coaching support to be provided through a hybrid model of virtual and in-person supports at the beginning of this program. As COVID guidelines and related travel restrictions are relaxed, in-person coaching may become the preferred method of coaching. In-person coaching will require travel to schools, possibly as often as daily.

By signing this statement, I hereby certify and assure I am able to complete the travel demands necessary as a part of the State Digital Learning Instructional Coordinator, Regional Digital Learning Instructional Coordinator, or Digital Learning Instructional Coach programs.
