

**Let's  
Practice!**

Do a Future Sketch: What will it look like when I am DONE?

You have a social studies project due in one week. The assignment is to research another country. You have to draw a map of the country and write a well written paragraph about the people who live there (think about their culture, traditions, clothing, etc.) You also have to cook something people in that country would eat and bring it to class to share on our 'Country Tours' day. \_\_\_\_\_ is the country you've been assigned.
