INNOVATE TODAY, LEAD TOMORROW

MS RESA Bulk Purchase Program

Effective July 1, 2026

MISSISSIPPI RESA

Bulk Purchasing

UPGRADE AND SUSTAINABILITY PROGRAM

Mississippi Senate Bill 2288, signed by the Governor in April, 2026, clarifies that Regional Educational Service Agencies (RESAs), which are organizations formed by school districts to pool resources, can engage in bulk purchasing and mandates that all services provided by RESAs must be competitively bid, with a request for proposals required for purchases exceeding a certain threshold to ensure open and fair competition.

MS RESAs have partnered with Howard Technology Solutions to bring exclusive savings on essential technology products and services. This program is designed to help school districts maximize their budget while ensuring you get top-quality technology for classrooms, offices, and beyond.

Scan the QR code to the right to view the Pricing Spreadsheet, which provides a detailed breakdown of the special pricing available through the MS RESA Bulk Purchase Program.

District Readiness

Complete the District Readiness Survey to assess your district's current technology needs and ensure you're prepared to make the most informed purchasing decisions.

Why Partner with Howard Technology Solutions?

- **Proven K–12 Expertise**

Deep experience supporting large-scale device rollouts, refresh cycles, and statewide initiatives.

- **Competitive, Contract-Ready Pricing**

Access to cooperative contracts and bulk purchasing power that drive cost savings and simplify procurement.

- **End-to-End Solutions**

From devices to deployment, asset tagging, and lifecycle support—we handle it all.

- **Reliable Supply Chain & Logistics**

Strong manufacturer relationships and fulfillment capabilities ensure on-time delivery at scale.

- **Ongoing Support & Professional Learning**

Dedicated support teams and training resources to maximize classroom impact and long-term success.
